The meeting on September 18th was with APTIM only – I don't have notes. My contact at the air district never responded to my request.

Thanks

Hi Matt,

September 16, 2019 was my first day at the EPA and it's not on my calendar. Do you have any notes on the meeting below?

Thanks!
Michael

We have a call tomorrow with the Air District to discuss our finding of elevated ambient TCE concentrations in outdoor air. Matt is in EPA's QA/AC office and is an indoor air expert. He provides tech support on the Triple Site.

Caleb – is it OK if I share this Graphic with the Air District?

Thanks
